WELCOME

to Taste of the Coast with POST,
a celebration of our local food
and POST's Farmland Futures
Initiative (FFI).

Over 40 local farmers, chefs,
vintners, breweries and food
purveyors are on hand to delight
your palette. Each one is excited
to share their passion for growing
and sourcing local ingredients!

Peninsula Open Space Trust is
a non-profit land trust that
protects and cares for open
space, parkland and farms in
and around Silicon Valley.
As part of our work, FFI will
triple the protected farmland
acreage and triple the number
of protected farms on the
San Mateo Coast over the
next ten years.
